

Famlink — Upgraded Profile Card Design Specs

Reference mockup: <http://34.24.237.116/profile-cards-upgraded.html>

The upgraded card builds directly on the non-upgraded card design. All base styles (typography, avatar, badge, name, sub-line, View Details link, info grid, card container) remain identical. This document covers only the **additions and changes** introduced by the upgraded state.

Overview of States

State	When shown	Key differences from non-upgraded
Great Match	Upgraded user, strong alignment on schedule, location, rate	Heart top of actions; green match badge below heart; FAM section added; no lock on button
Possible Match	Upgraded user, partial overlap	Heart top of actions; amber match badge; FAM section added; no lock on button
Not a Match	Upgraded user, user-type incompatibility	Heart top of actions; red “Not a Match” badge; red FAM section; Request a Match button retained (no lock)
Matches Tab — Request	Incoming request card in Requests tab	No heart button; match badge top of actions; timestamp; Decline + Accept & Message buttons
